

# Modular covers in GRP ECOMOD

# MODULAR COVERS IN GLASS FIBRE REINFORCED POLYESTER (GRP)

## Characteristics:

- Non corrosive materials.
- Aging resistant.
- Low maintenance.
- Lightweight.
- Heat transmission reduction.
- Colors according to customer's requirements.
- Accoustic isolation.

# MODULAR GRP COVERS FOR RECTANGULAR AND CIRCULAR BASINS

## Applications:

- Sludge thickeners.
- Settlers.
- Homogenization vessels.
- Buffer tanks.
- Sludge stabilization tanks.
- Channels.
- Archimedes screw.
